RESIDENT NOTICE

Date: 8/4/2026

RE: Second Street – Oak Street Rebuild and Rehab Project

Second Street and Oak Street Residents,

Tomorrow morning, 8/5/2026 we will be installing the Sanitary manhole at the intersection of Oak and Second St. This intersection will be completely closed to thru traffic.

2nd St Residents North of Oak St please exit the area to North St.

2nd St Residents South of Oak St please exit towards Center St.

Oak St Residents please exit towards Highland.

If you reside in the immediate area and have to exit your residence during the day please park on the road away from the intersection to ensure you are able to get out on time.

Our planned work hours will be 6:30am-4:30pm, with prep work taking place at 6:30am and construction activities beginning at 7am.

Every effort will be made to minimize disruptions and maintain access whenever possible. We appreciate your patience and cooperation as these important infrastructure improvements are completed.

If you have any questions or concerns regarding the project, please contact:

**Mike Nevinger
Project Manager
